

➤ **HEINE mini 3000®**

Compact pocket instruments – Maximum quality with minimum dimensions.

NEW! HEINE miniNT® charger set

➤ **HEINE mini 3000®**

The complete range of high-quality diagnostic instruments in a modern and ergonomic design.

**MINI TO THE MAX.** The handy “mini” series is the name of the compact range of HEINE pocket instruments with the high-quality features of HEINE’s “full-size” instruments. Characteristics include an innovative and compact design, coupled with high-quality, full-range features for the maximum in diagnostic reliability. The series also features automatic power shut-off when returned to the pocket, together with superb stability and manufacturing.

CONVENIENTLY-SIZED  
AND COMPACT.

Bigger doesn’t always mean better. In the case of the mini 3000 series, the unique ergonomics and the high-quality features represent the crucial characteristics of superlative quality. The result is exceptional handling in all investigation situations.

COMPLETE AND PRECISE.

Our most important goal when developing the mini 3000 series was optimised technical sophistication and enhanced performance. We’ve delivered this through innovative features and improved XHL Xenon Halogen Lens bulb technology for better diagnostic quality and reliability.

MODERN,  
ERGONOMIC DESIGN.

Quality meets design – and with the mini 3000 series, the phrase couldn’t be more true. Alongside a modern design, special plastics ensure supreme sturdiness yet low weight. The “mini” series also satisfies every demand in terms of functionality and performance.

HEINE mini 3000®  
BATTERY HANDLE

HEINE mini 3000®  
OPHTHALMOSCOPE

HEINE mini 3000®  
FOCALUX

HEINE mini 3000®  
TONGUE-BLADE HOLDER

Compact battery handle  
suitable for all mini 3000  
instruments.

Innovative, compact battery handle in a high-quality, modern design.

- ✦ **High-quality handle:** Chrome-finish upper section / refined plastic. Shockproof, sturdy, non-slip.
- ✦ **Oval, compact, stylish shape.** Lies ergonomically in the hand.
- ✦ **Attachment clip with integrated on/off switch.** Secure. Switches off automatically when returned to the pocket.
- ✦ **Screw-on end cap.** For easy battery change.
- ✦ **Threaded connector made of metal.** Prevents wear.
- ✦ **Complete range of mini 3000 instruments.** Versatile range.
- ✦ **Replaceable batteries.** Size AA.

Ophthalmoscope in a unique, compact design with outstanding optics for even the smallest dimensions. Perfect when on the move and doing home visits.

- ✦ **Enhanced XHL Xenon Halogen Technology.** Concentrated white light for perfect illumination and a brilliant image.
- ✦ **5 different apertures.** A full-function instrument incl. fixation star.
- ✦ **Range of lenses:** -20 to +20 D.

Focusing lamp for the examination of the anterior chamber in focal light and for indirect ophthalmoscopy.

- ✦ **Small and light.** Particularly ideal for home visits.
- ✦ **Light spot can be focused on the patient's pupil.** Perfect fundus illumination even with non-dilated pupil.
- ✦ **Enhanced XHL Xenon Halogen Technology for more light.** Very bright, concentrated white light with high light intensity for a bright fundus image.
- ✦ **+3 D lens attachment.** Aids accommodation and magnifies image.

Tongue-blade holder with blade ejector for HEINE disposable tongue blades.

- ✦ **Enhanced XHL Xenon Halogen Technology.** Concentrated white light. Concentrated illumination of oral cavity and pharynx.
- ✦ **Finger-tip pressure releases the used blade.** No need to touch the blade after use.
- ✦ **Solid metal construction.** Durable and tough.
- ✦ **Only for HEINE Disposable Tongue-Blades.**

HEINE mini3000®  
COMBI LAMP

HEINE mini3000®  
LARYNGEAL MIRROR

HEINE mini3000®  
FIBER OPTIC (F.O.)  
OTOSCOPE

HEINE mini3000®  
OTOSCOPE

HEINE mini3000®  
DERMATOSCOPE

Combination pocket lamp and tongue blade. Durable, multi-purpose instrument.

- ✦ **Many applications.** Can be used as a general illuminator and as an illuminated tongue-blade holder for wooden blades and HEINE disposable blades.
- ✦ **Enhanced XHL Xenon Halogen Lens-lamp with 100 % more light.** Bright, focused light.

Sturdy, all-purpose laryngeal mirror for optimum illumination of oral cavity and pharynx.

- ✦ **Enhanced XHL Xenon Halogen Technology.** Concentrated illumination of oral cavity and pharynx.
- ✦ **Solid metal construction.** Durable and tough.

Otoscope with Fiber optic (F.O.) illumination.

- ✦ **Distal Fiber optic (F.O.) illumination with enhanced XHL Xenon Halogen Technology producing 100 % more light.** Homogenous, reflex-free illumination of ear canal and tympanum.
- ✦ **Viewing window with 3x magnification** and optimised casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument.
- ✦ **Swivelling viewing window built into instrument.** Useful for instrumentation, cannot be mislaid.
- ✦ **Insufflation port.** For pneumatic testing of tympanic mobility. Please order connector separately.

Otoscope with direct illumination.

- ✦ **Enhanced XHL Xenon Halogen Technology with 100 % more light.** Very bright, concentrated white light for perfect illumination.
- ✦ **Viewing window with 3x magnification** and optimised casing surface for razor-sharp images and minimal reflection.
- ✦ **Swivelling viewing window built into instrument.** Useful for instrumentation, cannot be mislaid.

Dermatoscope with top-quality optics. 10x magnification with focusing optics.

- ✦ **10x magnification.** Large, high-resolution image.
- ✦ **Enhanced XHL Xenon Halogen Technology for more light.** Very bright, concentrated white light for perfect illumination.
- ✦ **Detailed compendium with photographic atlas included.** Simplifies the differential diagnosis of pigmented lesions.
